ROBERTS ET AL.

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner and applicant discussed the issues revolving around the difference between a portion of a frame of an audio/visual signal and an entire frame of an audio/visual signal. A portion of a frame of a audio/visual signal is not equivalent to a frame being a portion of an audio/visual signal. Examiner will re-open prosecution at the point after the first amendment by the applicant, which came after the first non-final action. Agreement was made that the examiner will perform a new search and if proper prior art is found submit a final action to the applicant, otherwise allowance will be considered. Applicant will contact examiner in two weeks time from the date of the most recent telecon for the status of the application to ensure timely prosecution.
